

KSU2

Caractéristiques générales / General specifications

Modes de fonctionnement / Operation modes	<i>Maintenu / Impulsionnel / Mixte</i> <i>Sustained / Momentary / Combined</i>
Pouvoir de coupure / Switching capacity	240V AC / 5A
Contact (NO/C/NC)	2 inverseurs / 2 changeover
Indice de Protection / IP rating	54
Section des conducteurs / Conductor's cross-section	max. 2,5 mm ²
Température de fonctionnement / Operating temperature	- 30° + 50° C
Poids / Weight	0,28 kg

MODES DE FONCTIONNEMENT - MODES OF OPERATION

	2x Maintenu 2x Sustained	
	2x Impulsionnel 2x Momentary	
	Mixte Combined	

Agir sur les cavaliers vert (mode maintenu) et rouge (mode impulsionnel) pour modifier le mode de fonctionnement.
 Le mode mixte permet d'avoir un mode de fonctionnement différent sur chaque contact inverseur.

Act on the green (sustained mode) and red (momentary mode) jumpers to change the operating mode.
The mixed mode allows a different operating mode on each changeover contact.

MONTAGE - MOUNTING

Montage en applique / Surface mounting	Montage encastré / Mortise mounting
 Non fournies Not provided Fournies Provided	 Non fournies Not provided

PROCÉDURE DE MONTAGE - ASSEMBLY PROCEDURE

1	2
 DIN 7982 - ST4.2 x 16 DIN 7982 - ST4.2 x 16 TOP dTOP	
Seulement pour montage en applique Only for surface mounting	Mettre en place le contact électrique Set up the electrical contact
3	4
	
Mettre en place la plaque de verrouillage Install the locking plate	Tourner la plaque de verrouillage dans le sens CLOSE Turn the locking plate in the CLOSE direction

5	6
	 ISO 7046 - M5 x 19
Mettre en place le demi-cylindre européen (non fourni) <i>Insert the European half-cylinder (not supplied)</i>	Mettre en place la vis de verrouillage <i>Insert the locking screw</i>
7	8
 DIN 7049 - ST3.5 x 19	
Tourner la clé de 45° (sens anti-horaire) à partir de la position verticale et insérer la serrure dans la plaque de verrouillage <i>Turn the key 45° (counterclockwise) from the upright position and insert the lock into the locking plate</i>	Mettre en place le cache <i>Replace the cover</i>

DIMENSIONS

Raccordement d'un rideau métallique motorisé
Connecting a motorised metal curtain

Raccordement du conducteur de protection sur la
plaque de verrouillage
Connecting the protective earth conductor to the
locking plate
